

MEETING REPORT

Team Name: State Police System **Date of Meeting:** 30/03/2019

Start Time: 8:45 **End Time:** 10:30 **Meeting Location:** TechSpace

Moderator: Orges **Recorder:** Renato

Other Members Present:

Silvio Talelli

Kejdi Vrapı

Kristian Sota

Erbani Danaj

Members Absent: -

Topics Discussed:

On the second meeting of the week, we discussed about technical aspects of the project such as the framework, the git repo, the required libraries and the first coding.

Decisions Made:

1. The repository was created in GitHub.
2. A branch was created for each user.
3. The first project was created using Laravel Framework.
4. On Saturday, we created the front page of the site and the logo.
5. Also, we did the login interface.
6. Everyone installed the required libraries such as Composer, Xampp, Laravel and the required Git such as GitHub Desktop.

Tasks Assigned:

1. Silvio was assigned to draw sketches.
2. Renato and Kejdi were assigned to start coding the front page in css and html.

3. Kristian was assigned to create a draft database.
4. Kejdi was assigned to fix some issues with the html.
5. Orges was assigned to write the requirements document and create the login dashboard.

Time, Place, and Agenda for Next Meeting:

Epoka Campus Tuesday
